RE: Reinstatement of TEP's Historical Line Extension Tariff
Docket Nos.: E-01933A-07-0402, E-01933A-05-0650, and E-00000J-10-0044

Dear Chairman Pierce:

Thank you for the opportunity to provide comments on the proposed reinstatement of TEP's historical line extension policies. Returning the company's policies is essential to the future of the real estate, construction and development industry in Southern Arizona. These policies have significantly impaired the ability of the development community to bring viable projects to market. As a result, it has further exacerbated our poor economic situation. Changing the policies as proposed will help create jobs and economic growth.

If you have any questions, please contact me at 520-293-9000.

Sincerely,

Duff C. Hearon
